Goethe and Zelter spent a staggering 33 years corresponding or in the case of each artist, over two thirds of their lives. Zelter's position as director of the Sing-Akademie zu Berlin and Goethe's location in Weimar resulted in a wide-ranging correspondence. Goethe's letters offer a chronicle of his musical development, from the time of his journey to Italy to the final months of his life. Zelter's letters retrace his path as stonemason to Professor of Music in Berlin. The 891 letters that passed between these artists provide an important musical record of the music performed in public concerts in Berlin and in the private and semi-public soir? of the Weimar court. Their letters are those of men actively engaged in the musical developments of their time. The legacy contains a wide spectrum of letters, casual and thoughtfully composed, spontaneous and written for publication, rich with the details of Goethe's and Zelter's musical lives. Through Zelter, Goethe gained access to the professional music world he craved and became acquainted with the prodigious talent of Felix Mendelssohn. A single letter from Zelter might bear a letter from Felix Mendelssohn to another recipient of the same family, reflecting a certain community in the Mendelssohn household where letters were not considered private

## Download Ebook Across Way Horizons Eber Wein Publishing

but shared with others in a circle of friends or family. Goethe recognized the value of such correspondence: he complains when his friend is slow to send letters in return for those written to him by the poet, a complaint common in this written culture where letters provided news, introductions, literary and musical works. This famous correspondence contains a medley of many issues in literature, art, and science; but the main focus of this translation is the music dialogues of these artists.

**NATIONAL BOOK AWARD FINALIST • A SYDNEY TAYLOR NOTABLE BOOK** Perfect for readers of Neil Gaiman and Philip Pullman, a sweeping historical fantasy that follows two teens on a journey through the Far Country, a Jewish land of spirits and demons. For the Jews of Eastern Europe, demons are everywhere: dancing on the rooftops in the darkness of midnight, congregating in the trees, harrowing the dead, even reaching out to try and steal away the living. But the demons have a land of their own: a Far Country peopled with the souls of the transient dead, governed by demonic dukes, barons, and earls. When the Angel of Death comes strolling through the little shtetl of Tupik one night, two young people will be sent spinning off on a journey through the Far Country. There they will make pacts with ancient demons, declare war on Death himself, and maybe-- just maybe--find a way to make it back alive. Drawing inspiration from the Jewish folk tradition, *The Way Back* is a dark adventure sure to captivate readers of Neil Gaiman's *The Graveyard Book* and Philip Pullman's *The Book of Dust*.
