They pushed their unions to support more extreme policies and made up a large percentage of their more radical members. And they founded ...

In this bestselling new book, his first in seventeen years, Robert M. Pirsig, author of Zen and the Art of Motorcycle Maintenance, takes us on a poignant and passionate journey as mysterious and compelling as his first life-changing work. Instead of a motorcycle, a sailboat carries his philosopher-narrator Phaedrus down the Hudson River as winter closes in. Along the way he picks up a most unlikely traveling companion: a woman named Lila who in her desperate sexuality, hostility, and oncoming madness threatens to disrupt his life. In Lila Robert M. Pirsig has crafted a unique work of adventure and ideas that examines the essential issues of the nineties as his previous classic did the seventies.

This book is on the effects of directed energy weapons. That is, how they propagate to and interact with targets. Propagation and target interaction are the key elements in an analysis of a weapon's utility to accomplish a given mission. For example, the effectiveness of a nuclear missile is determined by the yield of its warhead and the accuracy of its guidance, and the effectiveness of a rifle is determined by the type of round fired, the range to the target, and the skill of the soldier who fires it. Directed energy weapons are no different. But while there are books and manuals that deal with the issues affecting the utility of nuclear missiles and rifles, there is no comparable source of information for directed energy weapons. I have tried to fill that void with this book.

The projection of authenticity is one of the key pillars of marketing. Research reveals that consumers seek authenticity through the brands they choose. Based on extensive research with consumers and brand managers this book offers seven guiding principles for building brand authenticity.

Covers towing with a motorhome, winterizing your RV, holding tank systems, heating systems, water pumps, trailer towing, spring shakedown, water systems, and more.

A family-friendly guide for camping with kids and infants – because the best memories are the ones made around the campfire. Road trips with kids aren't easy, but new parents of twins Stephanie and Jeremy Puglisi became experts at creating lasting family memories without breaking the bank. Whether you're new to camping or a seasoned pro, hit the road with Stephanie and Jeremy, hosts of the popular The RV Atlas podcast, as they show you the different ways that camping can lead to a happier, healthier family. From hiking with infants to navigating RV camping in state parks and camping in national parks–these outdoor lovers have tried it all, and See You at the Campground is a beautifully illustrated camping book for adults packed with personal anecdotes, packing lists, site recommendations, and recipes that will help you create a one-of-a-kind vacation on a family-friendly budget. Tips include: Reasons camping vacations are better Buying an RV Trip planning tips Road trip tips Camprground etiquette Camping with family and friends National park adventures The perfect resource for parents–and a great gift for campers at any level–this is the ultimate family vacation book to bring the family closer every time you set up camp–whether it's in a cabin, tent, or RV.

Storming Heaven is a riveting history of LSD and its influence on American culture. Jay Stevens uses the "curious molecule" known as LSD as a kind of tracer bullet, illuminating one of postwar America's most improbable shadow-histories. His prodigiously researched narrative moves from Aldous Huxley's earnest attempts to 'open the doors of perception' to Timothy Leary's surreal experiments at Millbrook; from the CIA's purchase of millions of doses to the thousands of flower children who turned on and burned out in Haight-Ashbury. Along the way, this brilliant, novelistic work of cultural history unites such figures as Allen Ginsberg, Cary Grant, G. Gordon Liddy, and Charles Manson. Storming Heaven irrefutably demonstrates LSD's pivotal role in the countercultural upheavals that shook America in the 1960s and changed the country forever.

Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Belgian food and drink, often overshadowed by the those of powerhouse neighbors France and Germany, receive much deserved attention in this thorough overview, the most comprehensive available in English. Belgian waffles, chocolate, and beer are renowned, but Food Culture in Belgium opens up the entire food culture spectrum and reveals Belgian food habits today and yesterday. Students and food mavens learn about the question of Belgianness in discussions of the foodways of distinct regions of Flanders, Wallonia, and Brussels. Packed with daily life insight, consumption statistics, and trends gathered from the culinary community on the Web, this is the ultimate source for discovering what has been called the best-kept culinary secret in Europe. Scholliers thoroughly covers the essential information in the topical chapters on history, major foods and ingredients, cooking, typical meals, special occasions, eating out, and diet and health. He is keen to illuminate how Belgium's unique food culture has developed through time. Before independence in 1830, Belgian regions had been part of the Celtic, Roman, Spanish, Austrian, French, Dutch, and German empires, and Belgium's central location has meant that it has long been a trade center for food products. Today, Brussels is the European Union administrative center and a cosmopolitan dining destination. Readers learn about the ingredients, techniques, and dishes that Belgium gave to the world, such as pommes frites, endive, and beer dishes. A timeline, glossary, selected bibliography, resource guide with websites and films, recipes, and photos complement the essays.
