Law School Confidential is a complete guide to the law school experience that no prospective or current law student can afford to be without.

An insider's guide to the law school experience offers practical, objective, and firsthand advice for students entering law school and furnishes a detailed overview of the complex inner workings, challenges, and educational requirements students will encounter. Original. 12,500 first printing.

I WISH I KNEW THEN WHAT I KNOW NOW! Don't get to the end of your law school career muttering these words to yourself! Take the first step toward building a productive, successful, and perhaps even pleasant law school experience/read this book! Written by students, for students, Law School Confidential has been the "must-have" guide for anyone thinking about, applying to, or attending law school for more than a decade. And now, in this newly revised third edition, it's more valuable than ever. This isn't the advice of graying professors or battle-scarred practitioners long removed from law school. Robert H. Miller has assembled a blue-ribbon panel of recent graduates from across the country to offer realistic and informative firsthand advice about what law school is really like. This updated edition contains the very latest information and strategies for thriving and surviving in law school:from navigating the admissions process and securing financial aid, choosing classes, studying and exam strategies, and securing a seat on the law review to getting a judicial clerkship and a job, passing the bar exam, and much, much more. Newly added material also reveals a sea change that is just starting to occur in legal education, turning it away from the theory-based platform of the previous several decades to a pragmatic platform being demanded by the rigors of today's practices. Law School Confidential is a complete guide to the law school experience that no prospective or current law student can afford to be without.

Med School Confidential from Robert H. Miller and Daniel M. Bissell uses the same chronological format and mentor-based system that have made Law School Confidential and Business School Confidential such treasured and popular guides. It takes the reader step-by-step through the entire med school process--from thinking about, applying to, and choosing a medical school and program, through the four-year curriculum, internships, residencies, and fellowships, to choosing a specialty and finding the perfect job. With a foreword by Chair of the Admissions Committee at Dartmouth Medical School Harold M. Friedman, M.D., Med School Confidential provides what no other book currently does: a comprehensive, chronological account of the full medical school experience.

An insider's guide to the business school experience offers practical, objective, and firsthand advice for students entering business school and provides a detailed overview of the complex inner workings, challenges, and educational requirements students will encounter during the entire two years of their MBA, from initial application to landing the perfect job. Original. 20,000 first printing.

Provides a guide to preparing for and pursuing a career in law, including tips on studying for the LSAT, advice on choosing a law school, and a survey of career options

First published in 1999, Acing Your First Year of Law School has become one of the bestselling law school preparation books of all time. Every law student will tell you that the first year is the most important and the most frustrating. Law professors do not teach students the law, instead they leave students on their own to figure out the "answer" from a series of questions. This is a manual that teaches first year law students the ten basic skills they need to know to start learning their first day and ace their first year. The Second Edition has been updated to reflect the best use of technology. It includes a Preface that addresses the Socratic Method and how to beat it. It also includes an Epilogue that focuses on tasks that are necessary to ensure a successful transition from the first to the second semester.

Law school can be a joyous, soul-transforming challenge that leads to a rewarding career. It can also be an exhausting, self-limiting trap. It all depends on making smart decisions. When every advantage counts, A Student's Guide to Law School is like having a personal mentor available at every turn. As a recent graduate and an appellate lawyer, Andrew Ayers knows how high the stakes are/they've been there, and not only did he survive the experience, he graduated first in his class. In A Student's Guide to Law School he shares invaluable insight on what it takes to make a successful law school journey. Originating in notes Ayers jotted down while commuting to his first clerkship with then-Judge Sonia Sotomayor, and refined throughout his first years as a lawyer, A Student's Guide to Law School offers a unique balance of insider's knowledge and professional advice. Organized in four parts, the first part looks at tests and grades, explaining what's expected and exploring the seven choices students must make on exam day. The second part discusses the skills needed to be a successful law student, giving the reader easy-to-use tools to analyze legal materials and construct clear arguments. The third part contains advice on how to use studying, class work, and note-taking to find your best path. Finally, Ayers closes with a look beyond the classroom, showing students how the choices they make in law school will affect their career/and even determine the kind of lawyer they become. The first law school guide written by a recent top-ranked graduate, A Student's Guide to Law School is relentlessly practical and thoroughly relevant to the law school experience of today's students. With the tools and advice Ayers shares here, students can make the most of their investment in law school, and turn their valuable learning experiences into a meaningful career.

Professors Fischl and Paul explain law school exams in ways no one has before, all with an eye toward improving the reader's performance. The book begins by describing the difference between educational cultures that praise students for "[right answers,]" and the law school culture that rewards nuanced analysis of ambiguous situations in which more than one approach may be correct. Enormous care is devoted to explaining precisely how and why legal analysis frequently produces such perplexing situations. But the authors don't stop with mere description. Instead, Getting to Maybe teaches how to excel on law school exams by showing the reader how legal analysis can be brought to bear on examination problems. The book contains hints on studying and preparation that go well beyond conventional advice. The authors also illustrate how to argue both sides of a legal issue without appearing wishy-washy or indecisive. Above all, the book explains why exam questions may generate feelings of uncertainty or doubt about correct legal outcomes and how the student can turn these feelings to his or her advantage. In sum, although the authors believe that no exam guide can substitute for a firm grasp of substantive material, readers who devote the necessary time to learning the law will find this book an invaluable guide to translating learning into better exam performance. "[This book should revolutionize the ordeal of studying for law school exams! Its clear, insightful, fun to read, and right on the money.]" Duncan Kennedy, Carter Professor of General Jurisprudence, Harvard Law School "[Finally a study aid that takes legal theory seriously! Students who master these lessons will surely write better exams. More importantly, they will also learn to be better lawyers.]" Steven L. Winter, Brooklyn Law School "[If you can't spot a 'fork in the law' or a 'fork in the facts' in an exam hypothetical, get this book. If you don't know how to play 'Czar of the Universe' on law school exams (or why), get this book. And if you do want to learn how to think like a lawyer/a good one/get this book. It's, quite simply, stone cold brilliant.]" [ Pierre Schlag, University of Colorado School of Law (Law Preview Book Review on The Princeton Review website) Attend a Getting to Maybe seminar! Click here for more information.

Each year, over 40,000 new students enter America's law schools. Each new crop experiences startlingly high rates of depression, anxiety, fatigue, and dissatisfaction. Kathryn M. Young was one of those disgruntled law students. After finishing law school (and a PhD), she set out to learn more about the law school experience and how to improve it for future students. Young conducted one of the most ambitious studies of law students ever undertaken, charting the experiences of over 1000 law students from over 100 different law schools, along with hundreds of alumni, dropouts, law professors, and more. How to Be Sort of Happy in Law School is smart, compelling, and highly readable. Combining her own observations and experiences with the results of her study and the latest sociological research on law schools, Young offers a very different take from previous books about law school survival. Instead of assuming her readers should all aspire to law-review-and-big-firm notions of success, Young teaches students how to approach law school on their own terms: how to tune out the drumbeat of oppressive expectations and conventional wisdom to create a new breed of law school experience altogether. Young provides readers with practical tools for finding focus, happiness, and a sense of purpose while facing the seemingly endless onslaught of problems law school presents daily. This book is an indispensable companion for today's law students, prospective law students, and anyone who cares about making law students' lives better. Bursting with warmth, realism, and a touch of firebrand wit, How to Be Sort of Happy in Law School equips law students with much-needed wisdom for thriving during those three crucial years.

Open Book: Succeeding on Exams from the First Day of Law School is accompanied by the Web site www.openbooklaw.com Wolters Kluwer Law & Business adds an outstanding volume to its list of practical tools for law school success - a contemporary, accessible and complete guide to exam preparation by two leading scholars and teachers Wolters Kluwer Law and Business is known for its essential guides for law school success. Now Open Book: Succeeding on Exams from the First Day of Law School offers today's law students more than simple exam preparation. The authors, both award-winning teachers with a wealth of classroom experience, reveal what professors really look for in exam answers. By linking exam-taking to the actual practice of law, they explain what it means to "think like a lawyer" in an exam setting, and how to get the most out of classes. Open Book also showcases a distinctive central pedagogy, "the pinball method of exam-taking," and provides detailed examples and a wealth of concrete exam-taking techniques. Initial reviewers/including professors teaching core 1L classes, writing instructors and law school administrators:have been unanimous and enthusiastic in their praise. Numerous student reviewers have likewise remarked that it changed their study habits and their entire outlook on law school. With straightforward prose, memorable, and often humorous illustrations, and a unique insider's perspective, Open Book: Succeeding on Exams from the First Day of Law School opens a clear path to law school success. Open Book is available both in print and e-book formats. An accompanying Web site provides all print book and e-book purchasers with access to free sample outlines, class notes, and class briefs. In addition, the Web site offers, as paid content, actual law school exams in all of the standard 1L subjects (Civil Procedure, Constitutional Law, Contracts, Criminal Law, Property, and Torts) along with feedback memos prepared by the professors who wrote and administered these exams, and actual student answers annotated by the same professors. Features of Open Book: Succeeding on Exams from the First Day of Law School Accompanied by Web site www.openbooklaw.com ISBN for the book to look it up is: 9781454806073 High-profile, experienced authors Advice derived from years of hands-on experience teaching almost every standard 1L course Distinctive central pedagogy: "the pinball method" of exam-taking Explains not just the "how" but the "why" of law school exams--what makes law school exams unique Numerous detailed examples provide concrete demonstrations of exam-taking techniques Straightforward, often humorous style encourages engagement Key points accented with memorable illustrations Not just an exam prep book; guidance on getting the most out of classes and law school Extensive developmental reviews from 1L professors, writing instructors, and law school administrators, unanimously stellar Current law students reported the manuscript changed study habits and outlook on law school Accompanied by Web site www.openbooklaw.com Free content: sample outlines, class notes, case briefs Paid content: actual exams, real student answers annotated, feedback memos from professors Testimonial: Open book is a helpful resource for every law student.
