The Dystopia Chronicles Atopia Series
The Dystopia Chronicles is the second book in the Atopia series. I enjoyed this middle novel much more than book one. I think it helped that the author chose to follow a smaller group of the main characters, namely: Bobby, Sid, Vince and Willy while leaving others Jimmy, Nancy a bit more in the background.

Atopia Chronicles - The Complete Series
In the near future, to escape the crush and clutter of a packed and polluted Earth, the world's elite flock to Atopia, a massive corporate-owned artificial island in the Pacific Ocean. It is there that Dr. Patricia Killiam rushes to perfect the ultimate in virtual reality: a program to save the ravaged Earth from mankind's insatiable appetite for natural resources.

Darknet is a dystopian novel that follows Jake O'Connell a New York City stockbroker who is hunted by an artificial intelligence. The AI system has found a way to interact with the real world using darknets, assassination markets, virtual currencies and advanced chatbots. It is claimed that this book is "based on real-world technologies".
