Rose's Strategy of Preventive Medicine: 9780192630971 ...

According to Rose, the 'high-risk strategy' to prevention is a clinically oriented approach to preventive medicine which focuses its efforts on needy individuals with the highest levels of the risk factor ('the deviant minority with high-risk status'), and uses the established framework of medical services. In other words, the 'high-risk strategy' is 'a targeted rescue operation for vulnerable individuals'.
