With keen insight into the changing state of masculinity, Lance Allred presents a bold new vision of a winning path forward for men. These days, we hear plenty about what's wrong with men—like toxic masculinity, patriarchy, mansplaining, and male privilege. But how does a man get it right? “Men are being asked to adapt to our changing world, yet many still want to play by the old rules,” teaches Lance Allred. Now this former NBA star and leadership consultant presents a new game plan for evolving, growing, and succeeding in the modern era: The New Alpha Male. Having grown up in an ultra-patriarchal cult and succeeded in the gladiatorial arena of professional sports, Allred knows firsthand how the outdated model of masculinity works—and why it is failing both men and women today. “The old alpha male believes he is entitled to success,” he writes. The new alpha rejects entitlement, fear, and cultural illusions in favor of strong guiding principles that honor the virtues of the masculine and the feminine. Allred identifies the Seven Principles of Perseverance as the new “playbook for success,” offering honest insights and daily practices for each principle: • Accountability—Taking full responsibility for our shortcomings and successes to empower ourselves and inspire others • Integrity—Knowing our core values and being rigorous in honoring who we are in all circumstances • Compassion—The key to understanding ourselves and others with clarity, connection, and respect • Discomfort—Being able to risk failure and endure pain to serve our higher goals and personal growth • Acceptance—Letting go of our sense of what “should be” so we can act with wisdom and power in the present • Transformation—Finding the courage to discard an old identity and trust in the process of our evolution • Gratitude and Forgiveness—The most powerful acts of healing and love available to us as

human beings “We face maybe the toughest ask of men in the history of humanity,” Allred states. Yet in this time of reckoning, change, and the long-overdue disruption of the old alpha’s dominion, he challenges us to remember: “We are on the same team—men and women. It takes compassion and communication, like all good teammates display.” The New Alpha Male is a bold, straight-talking guide for men of all ages who want to step up their game and become the sort of empowered, open-hearted leaders our world needs.

From Beta to Alpha: Reclaim Your Masculinity and Become the Confident Leader of the Pack You've Always Wanted to Be. How many romantic dates, job promotions, or hidden dreams have you missed and wasted the opportunity to act on because you were afraid of failing? How many times have you watched someone achieve what you've always wanted and felt that terrible pang of jealousy and self-pity? No one is born confident, assertive, and fearless. Our levels of self-esteem are constantly changing throughout our lives. Numerous factors decide which way the scale will tip--upbringing, physical appearance, and previous experiences, to name a few. But when it comes to confidence and success, the most important, decisive factor is YOU. No one is born confident. But anyone can become confident. The term "Alpha male" has been misused so many times, people now connect it with the image of arrogant, testosterone-fueled bodybuilders. But the real Alpha men are, in reality, nothing like that. They are assertive but kind. Confident, but aware of their flaws. They project masculinity with their actions and words, not muscles. They know how to stand up for themselves without being aggressive. But most importantly, they go straight for what they want. Yes, they sometimes fail, but they stand right up, brush off, and face the next challenge with the same vigor and determination. They were not born like that. They discovered how to become like that. In The Modern Alpha Male, you'll too discover everything they already know, including: How to adopt the traits of real Alpha men and face any situation with confidence and strength Why being "the nice guy" has brought you more damage than good and hindered your confidence The power of assertiveness, and how embracing it can drastically change your romantic and professional life How to use the Law of Attraction to get what you want every time, with only the power of your mind How to reclaim your masculinity, and dominate every other man in the room with nothing but your presence Mistakes you've been unconsciously making that have been undermining your confidence How to build leadership skills and never feel like a submissive Beta again And much more. Being the Alpha male has nothing to do with physical appearance. You don't need huge biceps to get respect in a room or get the girl. Alphas succeed because they know how to succeed. They use their heads, not muscles, to claim what they want. Being an Alpha is a state of mind, and nothing is stopping you to become one yourself. 1970s" says Author and Professional Dating Coach Alan Roger Currie in his latest book. Most men don't want to remain 'just friends' with women. Men want either sex only from women, or a combination of sexual companionship and non-sexual companionship. Unlike men, women have as many as FOUR types of men they want to spend time with: - Men who women only want to spend time with for sexual enjoyment and satisfaction: These are 'Total Alpha males' - Men who women only want to spend time with for a combination of sexual companionship and non-sexual companionship. These are 'Alpha males with a few Beta traits and tendencies' - Men who women want to spend time with primarily for the benefit of entertaining conversation, enjoyable social companionship, and financial assistance and support. These are 'Beta males with a few Alpha traits and tendencies' - Men who women only want to spend time with for strictly platonic friendship, flattery, and to have men provide them with an 'empathetic listening ear' when they are feeling bored, frustrated, or depressed. These are 'Total Beta males' Many women socially interact exclusively with Alpha male types between the ages of 18 and 29, and then begin looking for a nice, sweet, polite, monogamy-oriented Beta male type for marriage once they reach the age of 30. Well, the Beta male types are tired of this routine, and they are now avoiding proposing to marriage to women who they perceive as "Alpha male leftovers." Beta males are now well aware that the vast majority of women want to spend time with Alpha males for sexual enjoyment and satisfaction. They are also well aware that most women want to spend time with Beta males for platonic friendship, financial favors, and entertaining conversation. The Beta Male Revolution is a brutally honest assessment of where we as a society have been, where we are now, and where we are headed regarding the state of dating, long-term romantic relationships, marriage, and monogamy vs. promiscuity vs. polyamory. Women can also learn from this book because Currie explains just why men pursue some women for short-term non-monogamous 'casual' sex only, while they pursue other totally different women for long-term romantic relationships and marriage. Purchase this book right now and be educated and enlightened. You are guaranteed to have a better understanding of the manner in which the mind of the opposite sex works, and why men and women gravitate toward the type of romantic companions and sexual companions that they do after reading this book. This book will be talked about for years to come.

Most men today are sent off into society with a broken belief system, which they use to make choices, that get them terrible results with life and women. Men have been conditioned to be the quintessential "nice guy." They're trained to be overly humble, kind to a fault, and that just "being themselves" is enough to attract and keep the woman of their dreams. Men are told to believe that conventional masculinity is toxic, and to put women ahead of their own interests, passions, and purpose. This has led to an entire generation of men forming very unhealthy attachments to women that they, unfortunately, often make their sole focus of their lives. The playbook to women and life has changed, but most men
